

# ILLINOIS CLASSICAL CONFERENCE

May 17, 2021

Dear Colleague:

On behalf of the Illinois Classical Conference and its membership, I send you greetings and best wishes as we all transition into a well-deserved summer break. I invite you to renew your individual membership to support the good work of the Conference that has been ongoing for the past 75+ years. Even with the pandemic this past year, we have provided multiple opportunities to participate in remote workshops, presentations, and gatherings. This year, we'll be holding our annual conference remotely on Saturday, August 14th from noon-6 PM to explore history, culture, mythology, pedagogy, and other topics pertaining to our field of Classics in Illinois. We will conclude the conference with Classics trivia at 8 PM. Finally, your support has allowed us to support student scholarships, competitions, and scholarships for the Latin Pedagogy Workshop ( <https://tinyurl.com/LatinPedagogyWorkshop>) Your continued support of the Conference is much appreciated as we collaborate in promoting the study of the classics in the state of Illinois. For more information on our organization please go to <http://illinoisclassics.org>.

Individual dues are \$20.00 before November 1<sup>st</sup>, and \$30.00 after. Please fill out the enclosed form for the 2021 - 2022 academic year and return it along with a check made out to the *Illinois Classical Conference*. Please note that there is a special, reduced-fare category of membership – First-Time Regular - for those who are not yet members of our organization.

**NOTE 1: Current lifetime members** also need to fill in the registration form so that we can make sure all of your information is still accurate and mail it back to me. You may also e-mail me all of the information instead at [magister.stark@gmail.com](mailto:magister.stark@gmail.com).

**NOTE 2:** We may be sending the Augur via e-mail in the future. Please include a viable e-mail address so you don't miss out when this happens.

Please take the time to pass this on to anyone who is interested in the classics but is not currently a member. It need not be a teacher, but anyone who is interested in the classics. We, the Advisory Council, are not always aware of new arrivals in Illinois who have an interest in the classics or current residents whose interest in the field has grown such that ICC could serve their interests. **We need your help to pass on the word.**

Please send to: James Stark or [magister.stark@gmail.com](mailto:magister.stark@gmail.com)  
2201 S Morrison Ave  
Collinsville, IL 62234

Thank you again for your timely response to this annual request. Again, best wishes.

Sincerely,

James Stark
